Dear Ms. Januszkiewicz, Ms. McDowell and Mr. Brasowski:

**RE: Durham York Energy Center (DYEC)
Abatement Plan - Dioxins and Furans Limit Exceedance**

Thank you for the June 10, 2016 submission of the report titled, "DYEC Energy-from-Waste-Facility Abatement Plan, June 9, 2016" (Report). This Report was submitted in response to my request for an abatement plan to address the dioxins and furans limit exceedance that occurred during the May 2016 source testing program.

Ministry staff concur with the two phased approach outlined in the Report.

Prior to commencement of Phase II activities, a technical report verifying completion of the Phase I activities is to be submitted and accepted by the ministry.

If you have any questions, please contact Sandra Thomas at 905 427 5607 or sandra.thomas@ontario.ca or Phil Dunn at 905 427 5627 or Philip.dunn@ontario.ca.

Regards,
